Capstone Projects & Key Tools Covered

Major Capstone Project

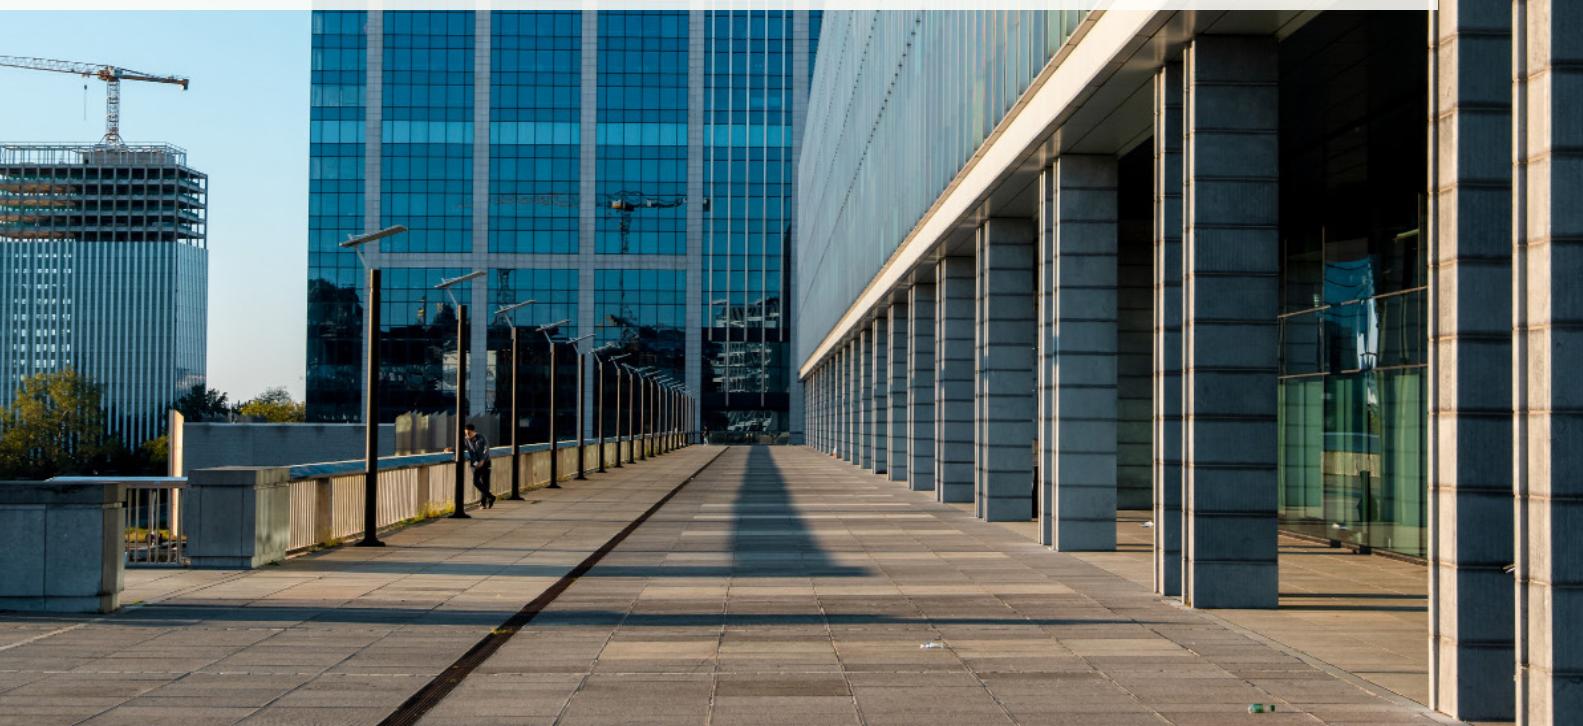

In this capstone project, you'll develop a Project Management Excellence Framework for an organization. You'll assess current project management practices, identify gaps, and benchmark against industry standards. The final deliverable is a comprehensive roadmap with actionable recommendations to enhance project management practices and support continuous improvement efforts.

Key Tools Covered

And many more...

* The program aims to familiarize learners with various tools in the project management ecosystem, with a focus on how to effectively leverage them as a professional rather than achieving mastery in each tool
